REGISTERED MEMBER PRACTICES**ASSOCIATE MEMBER PRACTICES**

Architect Members "MIBA" are professionally qualified architects who have received a professional degree in architecture from an accredited institution, completed a period of work placement and training, and passed internationally recognized examinations. The title 'ARCHITECT' is protected by the 1969 Architects Registration Act and may only be used in Bermuda by persons registered under that Act.

"Associate IBA" members are not Architects, but work within the field providing generally allied services.
